

Product	Chem. Description	Features and Benefits
NA-LUBE® KR series (low Visc.)	Proprietary Alkylated Naphthalene	Non-polar base oil modifier for solubility (Gr.III, PAO, GTL). Improves additive response. Excellent thermo-oxidative and hydrolytic stability. For automotive transmission and crankcase oils.
NA-LUBE KR-009	Proprietary Alkylated Naphthalene	Non-polar base oil modifier for solubility (Gr.III, PAO, GTL). Improves additive response. Excellent thermo-oxidative and hydrolytic stability. Extreme low volatility (Noack) for use in engine oils.
NA-LUBE KR series (high Visc.)	Proprietary Alkylated Naphthalene	Non-polar base oil modifier for solubility (Gr.III, PAO, GTL). Improves additive response. Excellent thermo-oxidative and hydrolytic stability. For automotive transmission and crankcase oils.
NA-LUBE KR-FG series (food grade)	Proprietary Alkylated Naphthalene	H1-Base oil and base oil solubility modifier. Improves additive response. Excellent thermo-oxidative and hydrolytic stability. Good Lubricity & Seal Swell Properties. Compliance with the FDA Regulation 21 CFR 178.3570.
