

Confirmation

Lehmann & Voss & Co. KG
Alsterufer 19
20354 Hamburg

will be supplied with

our eco-friendly electricity product **WSW Strom Grün Premium**

at all locations we serve, from January 1th 2025 to December 31th 2025.

The total annual electricity requirement for the delivery year 2025 will be covered by renewable energy.

Lehmann & Voss & Co. KG thereby contributes to climate protection and the expansion of renewable electricity generation, as WSW Strom Grün Premium is produced CO₂-neutral, primarily in new or relatively new hydropower plants in Norway and/or Sweden.

The accuracy of the guaranteed properties is verified annually by TÜV Rheinland and is awarded the high-quality certification RenewablePLUS.

Wuppertal, 16. June 2025
