

Commercial Name	INCI	Producer	Descrizione
DAIKON RADISH OIL (W/ROSAMOX)	Raphanus sativus (Radish) seed oil	NNP	GMO free - is a natural emollient derived from the seeds of Raphanus sativus. Its fatty acid composition distinguishes it from other natural oils currently used in the cosmetics and personal care industries. The result of this unique chemistry is a delicate, non-oily feel on the skin. An extraordinarily light color and absence of odor make the oil suitable for a variety of applications, skin care and hair care in particular
MEADOWFOAM SEED OIL	Limnanthes Alba seed oil	NPP	GMO free - is the fully refined triglyceride derived from the seeds of Limnanthes Alba. The oil is a light-colored, odor free product composed of over 98% fatty acid with chain lengths of 20 carbons or more. It is prized for its exceptional oxidative stability and provides functionality in a wide range of cosmetic and personal care formulations.
